THE OBVIOUS WINES SUCCESS STORY

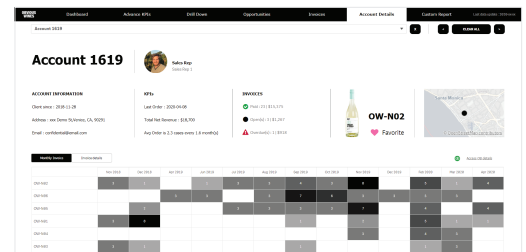

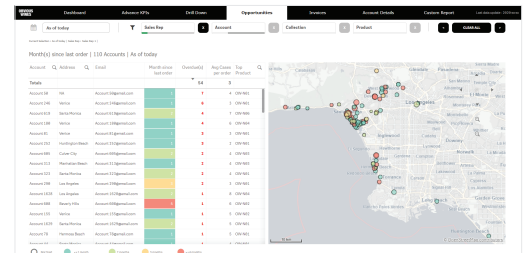

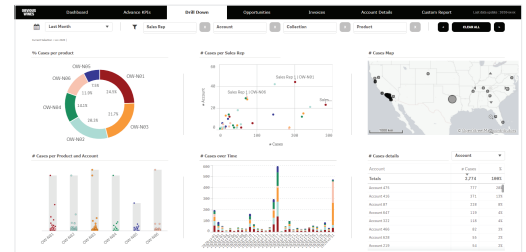

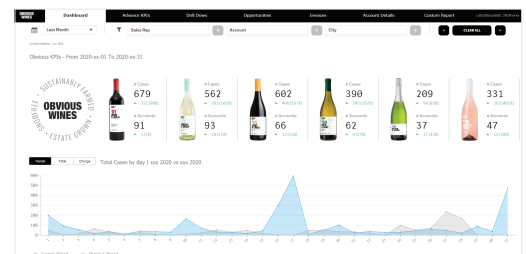

"At Obvious Wines we combine high quality wines developed from responsible production practices, with simple, approachable and educative labels. I've contacted Alexandre to develop a **sales dashboard** to track our **performances** and find **Business Opportunities** using our Quickbooks data. In just few days our dashboard was ready to use, helping my team to **optimize their sales actions, meet their goals,** and **grow the business**. Not to mention the **time we saved** by not having to export and work within old school Excel spreadsheets!"
